AIRWIZ PRIME

PREMIUM HIGH SPEED BLDC FAN

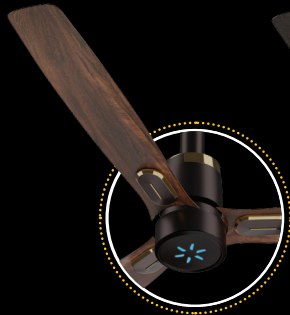

AIRWIZ PRIME

PREMIUM HIGH SPEED BLDC FAN

Transform your space into a haven of comfort and style with Airwiz Prime, a premium high speed BLDC fan from V-Guard. With its premium metallic liquid finishes and elegant ornamental details, this fan doesn't just fit into your room; it becomes the highlight of it. Manufactured at the state-of-the-art V-Guard facility at Roorkee, Uttarakhand, this fan is loaded with outstanding features. Behind its sleek exterior lies a powerful, energy-efficient 35W motor that delivers exceptional air circulation at $225\text{m}^3/\text{min}$ while keeping your electricity bills in check. With a 5-star energy efficiency rating, the Airwiz Prime not only keeps you cool but also saves you up to ₹1518/- annually. The user-friendly interface gives real-time feedback on operating modes, so you're always in control. The intuitive remote lets you adjust settings from anywhere in the room, and the four unique wind modes-Breeze, Boost, Sleep, and Reverse-let you tailor your cooling experience to fit every moment of your day. And with a 3-year warranty, you can enjoy peace of mind knowing that your comfort is backed by reliability. Bring home the Airwiz Prime, a statement of style and smart living.

SALIENT FEATURES

Comfort backed by a 3-year warranty

Enjoy peace of mind with a 3-year warranty that guarantees dependable performance and hassle-free service.

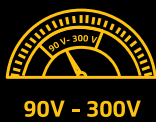

Comfort you can count on, efficiency you can trust

With a 5-star rating and a 35 watts energy-efficient motor, the Airwiz Prime ensures optimal comfort with minimal energy consumption, reducing your carbon footprint.

Dust off the worry*

The fan's innovative dust-repellent coating prevents particles from sticking, ensuring it remains clean with minimal effort.

Wider working voltage range - 90V-300V

Equipped with a wider voltage range of 90V to 300V, Airwiz Prime ensures reliable performance. Say goodbye to voltage fluctuations affecting your fan speed. Embrace uniform airflow with Airwiz Prime.

Speed that suits your style

Easily adjust the fan's speed to your liking, ensuring you always enjoy the perfect airflow, no matter the weather.

*Easy-to-clean coating with less affinity to dust adhesion compared to regular fans under ideal test conditions.

Perfect timing for perfect comfort

The multi-timer feature lets you set the fan to turn off automatically after 4 or 8 hours, providing convenience and energy savings, especially during naps or bedtime.

4 modes, infinite comfort

Enjoy tailored airflow with four unique modes:

4 MODES

Breeze Mode:

Gentle airflow for relaxed moments.

Boost Mode:

Powerful cooling for hot days.

Sleep Mode:

Silent and soothing for a restful night.

Reverse Mode:

Reverses the airflow for better circulation in winters.

Control that goes the distance

Operate the fan effortlessly with the intuitive remote control, designed to work from any angle or corner of your room.

Stay in tune with your comfort

The user-friendly interface provides real-time feedback on the current operating mode, keeping you aware and in control of your comfort settings.

Gloss or matte, choose your style

Available in both glossy and matte finishes, the fan allows you to choose the style that best complements your room's aesthetics.

₹1518/-
COST SAVINGS
PER ANNUM[#]

A smart investment for your home

Save up to ₹1518/- annually[#] on your electricity bills, thanks to the fan's energy-efficient operation.

Durability that doesn't compromise on style

The wider blades, made from high-grade aluminium alloy, ensure maximum airflow and long-lasting performance without the risk of corrosion.

Silent strength, smooth performance

The double shielded ball bearings reduce friction for silent operation while improving durability, ensuring a smooth and noise-free cooling experience.

[#]Actual saving depends upon the usage & cost of electricity.
